Dear Ms. Yap:

The U.S. Environmental Protection Agency, Region 10 (EPA) is seeking information and documents relating to the environmental conditions at the facility located at 8505 South Texas Road, Anacortes, Washington. Pursuant to the authority of Section 114 of the Clean Air Act (CAA), 42 U.S.C. § 7414, you are hereby requested to respond to the Information Request (Enclosure 1).

EPA is requesting additional information after Shell Oil Products U.S. February 3, 2016 response to the Information Request dated December 3, 2015.

In the Information Request, EPA requests information concerning the presence and amount of CAA § 112(r) regulated substances. A list of CAA § 112(r) regulated substances is provided in Enclosure 2.

The enclosed Statement of Certification (Enclosure 3) should be signed by a duly authorized officer or agent and returned with the response to this Information Request.

While EPA seeks your voluntary cooperation in this investigation, compliance with the Information Request is required by law. Failure to provide complete and truthful responses to this Information Request within **thirty (30) days** of your receipt of the request, or to adequately justify such failure to respond, may subject you to an enforcement action by EPA pursuant to § 113(a)(3) of the CAA. The statute permits EPA to seek the imposition of penalties of up to \$37,500 for each day of non-compliance.

Please note that responses which are incomplete, ambiguous, or evasive may be treated as non-compliance with the Information Request. If you believe a question is not applicable to the facility, explain in detail the reason for that belief. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001 or Section 113(c)(2) of the CAA, 42 U.S.C. § 7413(C)(2).

A complete copy of all responses should be sent to:
